

A man with a beard, wearing a tan long-sleeved shirt, tan work pants with a black UVEX tool bag, and blue gloves, is crouching on a light-colored floor. He is holding a large, dark, rectangular object, possibly a piece of material or a shoe component. The background shows a window with light coming through. The UVEX logo is visible on the tool bag and the shoes.

PUtek

Mit PU überzogene Polyesterfasern sind zu einem extrem abriebfesten, robusten aber flexiblen 3D-Netz verwebt. PUtek ist doppelt so reißfest wie Mikrofaser. // Polyester fibers coated with PU are made into an extremely abrasion resistant, robust but flexible 3D mesh. PUtek is twice as tear-resistant as microfiber.

ripstop

Aus der Outdoorbranche bekannt ist das leichte, atmungsaktive, sportliche und reißfeste ripstop. Es ist 50% reißfester als Mikrofaser. // Known from the outdoor industry is the lightweight, breathable, sporty and tear-resistant ripstop. It is 50% more tear-resistant and breathable than microfiber.

clima zone

Sichtbar perforierte Zungenkonstruktion zur Verbesserung der climazone Technologie. Sichtbare und erlebbare Atmungsaktivität. // Visibly perforated tongue construction to enhance the climazone technology. Visible and tangible breathability.
